"He was at Army camp for a month—he's done this ever since"

Thermometers Show Victory Loan Progress

White Rock citizens solemnly dedicated the 1941 Victory Loan Campaign and pledged themselves to exceed their share of Surrey's \$125,000 quota, at a flag-raising ceremony in front of the police building on Wednesday afternoon.

Reeve J. Brown presented the flag to W. C. Frank, district chairman of the committee, and Rev. W. R. Jeffcott made the dedication service.

The reeve explained the pledge and urged all citizens to do their best, saying he felt assured that Surrey would exceed its objective.

Three large thermometers have been erected in front of the police station, to record the daily progress of the Surrey, Delta and Langley drives. Wednesday's reading showed that Surrey had raised \$30,000, Langley \$58,000 and Delta \$50,000. Let's watch Surrey climb over the \$125,000 mark.

New Attractions For Roller Rink

White Rock will take on a real Casey Island air this season, when plans of E. McPherson of the National Roller Rink, are completed. Arrangements call for the installation of four amusement rides, a merry-go-round, a seaplane and two toyland rides for kiddies.

The equipment was to have been in operation by June 1, but the death of Mr. McPherson's partner, H. Thompson of Vancouver, has temporarily suspended the scheme. Mr. McPherson expects to have the carnival running by next week.

Members To Take Part In The Parade

Regular meeting of the Canadian Legion, Branch No. 8, was held in the clubrooms on Tuesday evening. It was reported that the Legion will again sponsor the Row swimming classes, and will look after Redemptive pupils for same.

Members are reminded that all resolutions for the Provincial Conference must be in the hands of the secretary by June 20.

Plans were made for the branch's part in the mass church parade on Sunday. Members will fall in at Washington Avenue and E. Street at 7 p.m. Medals and berets will be worn. P. Friend will act as parade marshal.

Word was received from comrade Gibson, that he is much improved in health. Mr. Gibson is now living at Duncan, V. I.

Engagement Announced

Mr. and Mrs. A. V. Sharp, Parker Street, announce the marriage of their only daughter, Margaret Patricia, to Frederick G. Seabrook, son of Mr. and Mrs. P. S. Seabrook of North Bend, Washington. The wedding will take place quietly on Friday, June 27.

Listen To The Publicity Program

White Rock is now being publicized almost daily over radio station CKWX.

The program went on the air, May 19 and will continue for about two months. Programs can be heard on Tuesdays, Thursdays and Saturdays at 11.15 p.m. and on Mondays, Wednesdays and Fridays at 6 p.m.

The following list of merchants are sponsoring the scheme: Park Place, Park Theatre, Peter's Garage, Lindner Lumber Company, Surrey Bakery, Dr. G. L. Sparks, Americanize, Geo. Thrift, W. E. LeFlore, Coldcut Villars, Hamsley Garage, Brown Derby, Mr. Yule, Amos Dry Goods, W. E. Taylor and Son, Sunnyside Dairy, E. McPherson, W. R. The Lindner Lumber Yard has extensively stocked a Surrey made paint and branded the new product after the Semahmoon Bay. Mr. Lindner states that the product contains only the best of ingredients and guarantees it in every way. Special prices are being offered to demonstrate the quality.

Combined Services W. R. Churches

All White Rock churches will take part in a mass church parade to the Park Theatre, Sunday, June 8. The parade will fall in at Washington Avenue and E. Street, and will be augmented by veterans' or maintaining a platoon of "V" company, Westminster Regiment, boy scouts and guides and will be led by the Westminster Junior Band. Services will be conducted by Rev. W. R. Jeffcott, Rev. F. Hardy, Rev. W. C. Frank, Rev. A. Macintosh and Rev. P. Dewar. A silver collection will be taken.

A Copper Trail By Boy Scouts

The White Rock Scout Troop are making arrangements for a "Copper Trail," to take place early in July. The trail will be formed by a line of pennants, stretching along Washington Avenue. Residents will be asked to place their cent contributions in the line-up.

This scheme provides a very inexpensive way in which White Rock citizens and visitors can help the scout movement in this district. Watch for further announcements and be prepared to place your penny on the trail.

To Build Gravel Bunkers

The Lindner Lumber Yards are constructing a large sand and gravel bunker on the Lindner property, King George V Highway, between the State and Sunnyside Roads. The bunkers are expected to be finished this month.

Members Of Parliament Visit Constituents In Training At Petawawa Military Camp

An intimate view of how a large cross-section of the Canadian Army in training lives and works was given on some 50 members of Parliament when they paid a seven-hour inspection visit this week to Petawawa Military Camp and saw spectacular mechanical transport and artillery demonstrations.

In the course of the day, the Hon. J. L. Ralston, Minister of National Defence, explained that the camp's major establishments are two Royal Canadian Artillery training centres and an Engineers' training centre. Officers in training at the artillery centres were inspected by the Minister, who also presented the efficiency decoration to Major G. T. McNeill of Port William, second in command of the 17th Field Regiment who has completed twenty years service in the Canadian Army.

W. I. Collecting Clothes For Britain

CLOTHING IS NEEDED TO SEND OVERSEAS

An appeal is being made from men's garments of all types for use of workmen in British factories. Men's clothing is most needed that men may carry on with their jobs even when their homes have been completely destroyed. As the best new section has suffered in the raids, men frequently cannot buy new clothes to replace those lost.

Donations of men's clothing as well as women's and children's garments may be left at Mrs. Pollock's or at the Pier Camp. Donors are requested to clean and mend garments.

First Class of Recruits Moves on to Advanced Training Centres

Out of 4,179 reporting for the third class of those called up for four months training under the National Resources Mobilization Act, 412 were rejected on medical grounds leaving 3,767 to undergo training. To date 13,597 recruits have been accepted under the plan and a further class will be called in June.

The first class of recruits sent to basic training centres has completed initial training and has been moved onto advanced centres, and from now on a class will pass on to advanced centres each month, to be replaced at the basic centre by a new one.

Unemployment Insurance July 1st

Unemployment Insurance becomes an actuality in Canada from July 1st. For the Workers who are subject to periods of unemployment through no fault of their own it will mean the difference between being on relief or charity and the self-respect of having provided for their own welfare through a plan of insurance savings.

The plan is one of co-operation between the employer, the employee and the Government. Each makes a contribution based on the weekly wages earned by the employee. To the amount contributed by the employer and the amount deducted from the employee's wages, the Government adds one-fifth of the total, and pays for the cost of operation. These contributions are similar to insurance premiums, and accumulate against the day when the worker, either male or female becomes unemployed. Then, in a very short time the worker begins to receive weekly cheques which will continue for a limited period of unemployment.

This, briefly, is the Unemployment Insurance Plan which becomes a law of Canada, just as it has been a law in Great Britain for more than thirty years. With the experience of the British Act as well as the examples of other countries to draw upon, the Unemployment Insurance Commission has created a plan which should operate with the least inconvenience to the employer and to the greatest possible benefit to the workers.

The UNEMPLOYMENT INSURANCE PLAN

To the Employer...

Contributions to the Unemployment
Insurance Fund become payable as
from July 1st, 1941.

Contributions are made by the employer
and the employee, and are paid by the pur-
chase of Unemployment Insurance stamps
by the employer from the Post Offices.

The employee's contributions are deducted
from his wages by the employer.

Stamps will be affixed to a special book,
called the Insurance Book, by the employer.
The book is the employer's record of contribu-
tions, and when he becomes unemployed
it forms the record from which insurance
benefits may be paid. Full details will be
sent to you when you have returned the
postcard attached to a form which is now
in the mails.

The plan of procedure has been adopted
after consultation with employer and em-
ployee associations and is one which has
been based upon thirty years' experience in
Great Britain.

butions, and in addition, pays the adminis-
tration costs which include the operation of
a National Employment Service for the
convenience of employers and employees.

Contributions are payable by all persons
while in employment and by their em-
ployers, with the exceptions listed in the
panel below.

The first duty of every employer will be
to REGISTER WITH THE COMMISSION
by completing the postcard attached to a
form which is now in the mails, and obtain-
ing and issuing insurance books for all his
employees, or any of them, are in-
sured, ask for instructions when you return
the postal card. If you do not receive a form
through the mail go to the nearest Post
Office and ask for one. All employers
must complete registration prior to
June 14th, 1941.

The Commission feels that it can be
assured of the full cooperation of all em-
ployers. Nevertheless, attention is drawn to
the fact that registration is compulsory and
any failure to register is an infraction of the
law and is subject to penalties.

Audience Visualize Conditions From Address By Rev. Coleman

White Rock theatre was almost filled by those who came to hear an interesting address on London under the Blitz by Rev. Michael Coleman of All Hollows church, Barking, England. He was accompanied here by his brother-in-law, Rev. W. C. Daniels, former rector of Trinity church, as well as Mrs. Coleman and Mrs. Daniels.

Mrs. Shaw, president of the Women's Institute, in the chair, after the singing of O Canada, opened the program by thanking the members for their good work in the Bundles for Britain, giving an outline of what had been done, also expressed her thanks to Mr. Shiels for the loan of the building.

The High School glee club then sang very sweetly "Three Little Maids from School".

Rev. Jeffcott was called on by Mrs. Shaw to introduce the speaker, saying he was eminent in church and state.

In his opening words Rev. Coleman said he was neither eminent in church or state, but just an ordinary Britisher. Continuing into a talk on the Battle of the Atlantic, giving a picture of things if lost or won. The good natured rivalry of the bombed towns with London was touched on, to a description of some old places there, and the queer odd names of some streets and churches. Speaking of his parish which includes the docks of London, going out in a tin helmet, an old coat, the pockets filled with food and other necessities, and a pair of football shorts to make it easier when running, of the fires that raged there, but in spite of this the traffic was almost as large as in peace time, and London still eats.

Part of his talk dwelt on the difference of day and night life, by day business carried on regularly, the people leaving early to prepare for the night duties. Nights in the shelters bring movies, concerts and debates, but Friday night is visiting night, which helps maintain their social life.

They were fighting to hold on to their way of life and not to come under the Nazi idea. They were not heroes and heroines, but just ordinary people doing their job as you and I would do in the same situation. He closed the address with a plea for the Victory Loan.

This was followed by the singing of There'll Always be an England. Mr. Jeffcott thanked Mr. Coleman for his splendid talk, and then the boys' scouts took up the collection which amounted to \$50, and was handed over to Rev. Coleman for his shelter.

A reading by little Alice Cooper

was followed by a few words from Reeve Brown on the Victory Loan saying that Surrey, whose quota is \$125,000 was half subscribed to date, both Langley's and Delta's is \$100,000 each.

"Land of Hope and Glory" was sung by the glee club before the last speaker of the evening, Rev. W. C. Frank, who spoke on the organization of canvassers for this district and asked the people to help them in every way possible. He mentioned also the service at the

Park theatre Sunday evening, the Victory Loan parade to Cloverdale June 12th, and of a Victory Loan Show at the Park theatre Sunday June 15.

A friendly atmosphere prevailed the favourable comments after.

Red Cross Outpost Meets Emergency

"You will probably laugh when you hear how we sterilize the hospital linen used in a serious gangrene case here," writes the Matron of the McBride Red Cross Outpost Hospital. "We got a 20 gallon gas drum, took it over to the shops and had them steam it out. We dug a small hole in the ground

far enough away for safety yet close enough to be reached by the hose. We built a wall of bricks and stones around it, lit a fire in it, placed the drum on it, and filled it with water. We soaked the linen for 24 hours in a solution of Kibitox, then put it in the "boiler" to boil for one hour. We then put it through the regular wash, and hung it out on the line in the sun for a full day. If there are any of 'those spores' alive after that, I give up."

A group of unathletic Christian Scientists hold services every Sunday at 11 o'clock and every 2nd and 4th Wednesday evening at 8 p.m. in the Masonic hall, White Rock. All interested will be welcome.

The Army and Navy Unit No. 45 will meet in their hall on Friday June 6 at 7.45 p.m.

"GOD BLESS OUR BRAVE DADDY OVERSEAS"

FOR EVERY CANADIAN who sails the deep, for every airman who flashes through the skies, and for every other man in the fighting forces, the prayers of the nation "rise like a fountain, night and day."

In times of crisis our people stand steadfast. In daily devotions they renew the flame of faith and arm with unseen powers their warriors in the field.

Oftentimes they discern the Unseen Hand. Witness the miracle of Dunkirk. Witness, too, in

the darkest hours the emergence of great inspiring figures to steady the ranks of Democracy and fire its courage and confidence.

Church bells are ringing throughout Canada calling men and women to worship and sacrifice in defence of our freedom, the sanctity of our homes and the future of our children.

Be a Man Among Men!

You'll feel like a million dollars the minute you step out in that fine new uniform now ready for you. You'll be a man among men, a vital cog in Canada's great mobile war machine. Don't
Blame
Good Old
Bess!

OLD BESS, and all the other cows in your herd may be the finest blooded stock in the country, but you are not going to get top prices for your milk unless you have fast, adequate cooling equipment. To retard bacterial action at once, use a dairy refrigerator to cool freshly-drawn milk immediately and thus prevent spoilage. Deliver your milk to the dairy or your customer, clean, safe, sweet and cool, even in warmest weather. Your dairy refrigerator will eliminate losses due to spoiled milk and your reputation will be assured, as a dairymen who puts out a first class product. Your B.C. Electric agricultural representatives will be glad to give you full details on costs, types of installations and the right size of dairy refrigerator for all your requirements.
